State Superintendent of Public Instruction has issued the following circular letter to the teachers of the state, a supply of them having been received by County Superintendent Miller; and to the state superintendent's request that suggestions embodied be followed by the teachers. Mr. Miller adds his approval of the plan:

"To Superintendents and Teachers: 'The Star Spangled Banner,' was written on September 14, 1814. It has been suggested by the National Commissioner of Education that this national song be sung in all public schools of the nation on September 14, 1914. I suggest that all superintendents and teachers in the public schools of Illinois, and the private schools as well and prepare a short program setting forth the circumstances under which the song was written and conclude with the singing of this great national hymn.

"Yours sincerely,

## RIVER STREET ROW HAS BEEN SETTLED

## DIFFERENCES BETWEEN CONTRACTORS AND RAILROAD HAVE BEEN SETTLED.

All differences of opinion which have existed between Contractors Clubb & Hughes of Rockford and the Chicago & Northwestern railway company over the manner in which the company's tracks in East River street should be moved have been amicably settled, and it was announced today that a large force of men will be put to work on the site of the improvement tomorrow morning to remove the tracks that are torn up, and to shift others. As a result of the negotiations which have been conducted for several weeks by the contractors and the railway company the railway company will haul to the site of the improvement many carloads of filling and ballast such as they wish to be used on the improvement; and it is believed now that the work will be hurried through to rapid completion.

## CHILDREN'S DAY AT THE LEE CO. FAIR

TUESDAY OF NEXT WEEK OPENS  
LEE COUNTY FAIR AT AMBOY,  
THE BEST IN ILLINOIS.

## SCHOOLS TO CLOSE FOR DAY

County Superintendent Miller Recommends Closing That Children May Spend Day at the Fair.

Next Tuesday, the first day of the Lee county fair at Amboy, will be children's day and the management has arranged to admit all school children of the county free on that day. In accordance with the usual custom, and because of the excellence and magnitude of the educational exhibit at the fair, County Superintendent L. W. Miller has recommended that every school in the county close for the day, in order that the pupils be allowed to attend the fair, study the exhibits and see what other pupils and schools are doing.

He calls attention to the fact that the teachers' institutes get the teachers together and that their meetings have always resulted in increased efficiency in school work; therefore he is of the opinion that the arrangements which have been made for the educational display at the fair will have a wonderful effect on the pupils if they are allowed to witness and study it.

## CANNED CORN PRICES GO HIGHER

## SHORT CROP AND PRICE OF SUGAR BOOST THE COST OF PRODUCTION.

The price of canned corn to the retailers will be advanced. However the price to the consumer is expected to remain the same as at present. The alleged shortage of the corn crop and the high cost of sugar used in canning corn is attributed as the cause of the increase. Statistics given out by the wholesalers and manufacturers show that this year's product will be 150,000,000 cans short of last year's output.

The price of salmon has also been increased. The salmon run commences once every four years and last year was the time of the run. This made a shortage of both the pink and red salmon and it is estimated that the pink salmon output will be 100,000,000 cans short of last year and that the red salmon output will be equally short.

## YANKEES MADE ESCAPE FROM GERMAN PRISON

## AMERICAN NEWSPAPER MEN MAKE GET-AWAY SAFELY.

## ARE NOW ON DUTCH SOIL

Correspondents Were Thrown Into Jail With French War Prisoners.

(Associated Press)

Rotterdam, Sept. 10.—Five American newspaper correspondents, John T. McCutcheon, Bennett and Hansen of Chicago, Cobb of Philadelphia and Lewis of the Associated Press, who were held prisoners in a German jail for some time because they followed the French army, have reached Dutch soil.

They were thrown into a German jail filled with French prisoners of war, and on one side of the jail explosives were stacked high. The French were continually lighting cigarettes under the covers of straw bedding, endangering the lives of the correspondents.

The Americans were later removed to a cafe adjoining the jail and were kept under surveillance, but made their escape.

## FILES SUIT FOR SLANDER

Dixon Woman Sues Police Sergeant  
John Gaffney for Damages to the  
Amount of \$5,000.

Thomas Geiger, through Attorney Brooks and Brooks of this city, has filed suit against the C. & N. W. Ry. company in the Lee county circuit court for damages to the amount of \$300, which he alleges were the result of the failure of the railroad company to make it possible for him to unload a carload of cattle which he shipped to this city during the summer. The case will probably be tried during the coming term of the court.

## Suit for Slander.

The same attorneys have filed in behalf of Mrs. Alice Weaver of this city, a suit for \$5,000 damages against Sergeant of Police John Gaffney of this city, whom she charges with defamation of character.

Henry, Alderman Edward Branch, Walter Summers, Michael Hayes, and Charles Colby of Rochelle in which Dr. Sheldon asks to recover \$635, alleged to have been lost by the plaintiff in gambling games.

## PARKER SPOFFORD LIVED IN DIXON

## MAN SPOKE OF IN DISPATCH IN TUESDAY'S TELEGRAPH WAS WELL KNOWN RESIDENT.

In Tuesday's Telegraph appeared a telegram from Meredith, N. H., telling of the death of Parker Spofford, a man here failed to establish his identity. It now develops that the spelling of the telegram was wrong and the name should have been Parker Spofford, and Mr. Spofford, a former resident of Dixon, is well remembered here by many old friends.

He was a brother-in-law of Mrs. Thea Merrill of Dixon, who is his only living relative excepting nieces in Sterling. He was born in 1842 and died very suddenly in Buckport, Me., from the effects of an operation for gall stones. The many old friends in Dixon are sorrowed by the news of his death.

## YOUNG ORGANIST.

Miss Josephine Rhotes, fourteen years of age, is quite a remarkable musician. She is an excellent organist, and frequently plays at the Emmanuel church in South Dixon. Miss Rhotes is the daughter of Mr. and Mrs. Fred Rhotes who live south of Dixon, on the Pump Factory road.

## SILENCE INDICATES TENSION OF BATTLE

BERLIN, BORDEAUX AND LONDON MAKE NO  
STATEMENT TODAY OF BATTLE RAGING TO  
THE EAST OF PARIS — BRITISH PEOPLE ARE  
STARTLED BY GEN. FRENCH'S REPORT OF  
ENGLISH ARMY'S ACTIVITIES AND BRAVERY.

## JAPS JOIN IN NO - PEACE AGREEMENT

(Associated Press)

The silence of Berlin and Bordeaux up to an early hour this afternoon emphasizes the decisive character of the battle which is being fought east of Paris along a line one hundred or more miles in length.

The Russians are reported to be driving the Germans before them on the west bank of the Vistula, and it is believed that the Germans and Austrians will make a stand at Carcow.

A Petrograd report, however, says that Carcow is being evacuated.

Servian troops are reported to have crossed the river Save into Hungary, while Montenegrin troops are known to be in Bosnia.

An official statement made in London says: "The battle continued all day yesterday and the enemy was driven back all along the line. Commander-in-Chief French reports that our first army corps has buried 200 German dead, and captured 12 Maxim guns."

Great Britain, France, Spain and China have agreed to sign a peace commission which treats with the United States. The treaties are ready for signature, and are regarded by Wilson and Bryan as being far-reaching in importance as they will prevent the United States being suddenly drawn into the conflict.

Germany, Russia and Japan have signified their acceptance of these treaties, although the negotiations have not advanced to the point of drafting conventions.

Great Britain is determined not to make peace until she has decisively defeated Germany, says a communication from United States Ambassador Page at London.

## BRITISH ARE CONFIDENT

London, Sept. 10.—Exultant messages from Petrograd and admissions of disasters from Vienna indicate that the long series of military misfortunes which have marked the history of the dual monarchy are about to be capped with an unparalleled battle which may not only open the road to Berlin, but may force Austria to sue for peace.

## Germans Rush Aid.

News from Belgium indicates that the Germans are rushing reinforcements southward. The text of the report of Field Marshal French covering British operations since his forces landed in France was made public today.

Many English breakfasts were untasted as the people read the graphic account of the heroic fight of the British forces to keep from being annihilated.

Like a wildcat pursued by hounds the British braced stubbornly near the River Oise, realizing that they must attain the river or perish.

## Army Was Hard Pressed.

General French's frank confession has fallen like a bombshell on the English public who, up to the present, were not permitted to know how hard pressed their army had been.

On August 26 the British forces faced the bulk of four German army corps and were constantly in danger of being surrounded and destroyed. But the heroic stand of General on the British left saved the day and on this day the British stood alone.

A feeling of great optimism prevails in England for the past twenty-four hours—it has had but one check, the report of the wreck of the steamer Oceanic which, while in government service, ran ashore. The officers and crew were saved.

## JAPAN JOINS IN PEACE AGREEMENT.

Petrograd, Sept. 10.—A dispatch from Tokio says that Japan has joined the agreement not to conclude peace without the consent of the allied nations.

## RUSSIANS READY TO STOP GERMAN AID.

Rome, Sept. 10.—A Vienna dispatch states that it has been officially admitted that the Archduke Frederick lost one-fourth of his entire command of 120,000 men in the recent fighting in Galicia. The Germans are marching toward Poland to assist the Austrians, but the Russians are prepared to check them at the River Vistula.

## FIERCE FIGHTING HAS CHECKED GERMANS.

London, Sept. 10.—The following official statement has been issued: "The commander of the French army in a telegram shows that fighting of the fiercest character has been in progress and indicates that the Germans had no time to recover from the effect of their rush from the north."

## SAW GERMAN SHIPS IN GULF OF BOTHNIA.

London, Sept. 10.—A Copenhagen dispatch says that a German squadron of 31 vessels has been observed along the Gulf of Bothnia, steaming east.

## DIVISION OF JAPS OVER WAR DECISION

THE ELDER STATESMEN OF THE  
EMPIRE WERE OPPOSED TO  
DECLARATION OF WAR.

### CONDITIONS FORCED THE ACTION

Japan Feels That It Has a Big Con-  
tract in Reducing of the For-  
resses of Kian-Chau.

Tokio, Aug. 18.—Japan's decision to send Germany an ultimatum, and thus extend the theater of war from Europe to Asia was only reached after some division among the statesmen of the empire.

It was the genre, the elder statesmen, who first opposed Japan's participation. Extensive negotiations were necessary also between Great Britain and Japan before an accord was reported regarding the sphere of Japan's action and the exact program Japan was to carry out in the fulfillment of its alliance with England.

#### Japan Took Early Action.

As soon as war was declared between England and Germany, Japan mobilized its fleets in readiness for action and soon after that several army corps were organized and were in readiness for quick mobilization.

The third Japanese squadron, located at Shanghai, was reinforced by several warships and a patrol was established in the historic straits of Teshushima.

A flying squadron of seven cruisers was organized at Yokosuka with Prince Fushimi in command, while the battleship squadron at Sasebo was increased to eight big gunships, including the dreadnaught Kongo and the new dreadnaught Hiei.

#### Felt Results of the War.

Meantime Japan began to feel heavily the results of the war. Shipping was tied up and as many as a hundred steamers of different nationalities were unable to leave port. Foreign commercial exchange practically ceased between Japan and China, and Japan and Europe, bringing business to a standstill while the business with America was greatly affected.

All this time active negotiations were going on between Japan and England. Suddenly on Aug. 11, when everybody in Japan had been prepared for a communication from the government regarding its participation in the hostilities, a halt came in the general activities.

This was explained as due first to a hitch in the negotiations between Japan and England concerning the scope of Japan's action and being due also to Great Britain's desire to calm fears that might exist in China and in America that Japan had any designs upon the integrity of China.

Great Britain was desirous that the world should not imagine that with the entrance to Japan into the conflict a violent and limitless war was to be carried on in the Pacific ocean.

#### Peace Status Stumbling Block.

Some discussion, it is said, also was held upon the question of Japan's status in the peace congress of Europe to be held after the conclusion of the war.

Another important factor in the situation was that the Japanese themselves were not in harmony regarding Japan's attitude, but after a series of deliberations they reached unanimity.

Something of a flurry was caused in Tokio by a rumor that the United States had sent a communication to Japan, either requesting some assurance as to the integrity of China, or paving the way for intervention by the United States.

Officials were kept busy denying such rumors, but these reports gave an opportunity to some sensational newspapers to say things against the United States and to voice anger at America's attitude. This has entirely passed.

#### Japan Has Big Fight Ahead.

Japanese do not regard the reduction of Kian-Chau as an easy matter. They do not of course, give it anything of the same importance as they attached to Port Arthur, but they realize that during the long delay the Germans have strongly fortified the port of Tsing-Tau.

They knew that the Germans have dismantled several warships and have placed several big guns on the heights of the two arms of Kian-Chau bay.

They know too, that the harbor has been thoroughly mined and that enough ammunition has reached Kian-Chau to enable the Germans to endure a long siege. As one man put it, "Each day that we delay in moving on Tsing-Tau means a sacrifice of 500 additional lives."—Chicago Tribune.

HEALO!—Is a foot powder of unusual merit—be convinced by trying a box.

## Dramatic Notes

### FAMILY THEATER.

Another big musical production will play at the Family for the balance of the week, commencing this evening, entitled Fascinating Flora. It is declared to be one of the funniest shows on the circuit. While the chorus is said to be composed of pretty and talented misses, the critics rave first at the fun-making value of the performance and secondly praise the girl exhibit. Fascinating Flora has a plot that hangs on laughter, that is frequently interrupted by laughter, but its authors cannot complain, for the show was written to make people laugh, produced with the idea of giving the public a laughing feast, offered by a management that really believes that laughter is the greatest medicine in the world.

This piece is a regular road attraction with a cast of fifteen people, and is replete with musical numbers and popular dances.

On account of the length of the production the first show will start at 7:0. The price for this engagement will be for adults, 10 and 20c.

### PRINCESS THEATER.

Tonight the Princess theater will show the tenth episode of the "Million Dollar Mystery."

After Florence's disappearance from the steamer sailing for Europe, the conspirators moved heaven and earth to find out what had become of her, members of their band, cleverly disguised as sent up and down the eastern coast, try to get some word of her rescue or death. Other members manage to trap Norton and beat him until he finds himself on an old steamer—shanghaied. One day Florence sees a man struggling for his life on the surf and rescues him. He proves to be one of the conspirators, although she, of course, does not recognize him. He hastens back to New York and reports his "find" to Braine. Disguised and posing as her father Braine goes to the fisherman who has rescued Florence to have her give him up. This he refuses to do but the next day Braine and Vroom manage to carry her away by main force. On board the yacht which they have chartered, Florence is a prisoner. While they are two nights out she sets the yacht on fire and unable to check the flames all are put in life boats. Some hours later they are picked up by the tramp steamer. Florence meets Jim Norton and reason is restored. Norton surprises Braine and manages to bind and gag him. Disguised in Braine's clothes he and Florence are put on shore.

### DIXON OPERA HOUSE.

The advent of Sarah Padden, a top-notch in emotional parts, has been pleasantly anticipated here since the announcement that she would be seen at the Opera House Tuesday, Sept. 15th, as Nora Blake in "The Little Shepherd of Bargain Row," which, by all accounts, is the strongest play in which this talented woman has appeared. The remarkable business which has attended her tour is evidenced that she is reaping the rewards of the diligent, comprehensive work which she did in "Kindling" and "The Third Degree."

"The Little Shepherd of Bargain Row" tells the story of Nora Blake a shop girl, a veritable "Peg O' My Heart," who masters poverty, overcomes prejudice, hands a substantial jolt to snobbery and, as she would tell it herself "lands at the top o' heap." All this is not accomplished without "experiences" and it is these that make up the warp and woof of one of the prettiest and altogether most delightful plays of recent seasons.

Supporting Miss Padden is a large and carefully selected cast, nearly 20 players in all, Howard McKent Barnes, author of the play gave per-

## WILL HOLD MASS MEETING SEPT. 20

MINISTERIAL ALLIANCE DE-  
CIDES ON COMMUNITY MEET-  
ING AT BAPTIST CHURCH.

At a meeting of the Dixon Ministerial Association early this week it was decided that the Union Mass meeting in the interest of the Community Training school on Sept. 20, should take place in the Baptist church. At that time Dr. Robert Ferry, Shepherd of Chicago will speak and steps will be taken to organize the school about Oct. 1. Prof. W. R. Snyder, superintendent of the South Side schools, will preside at the meeting.

One of the definite aims of the Community Training school is to put the educational work of the churches on such a plane of efficiency as will justify the local public school to give credit for it.

From the very first the Community Training school is to be planned, as a permanent community institution. Its organization is rooted in the existing religious and educational life of the community. Its value will be more and more apparent as the passing years give fruitage to the visions of usefulness and privilege which are the silent compulsion in its beginning. Instead of proving an increase to overburdened pastors and other church workers, it ought to prove itself an occasion and an agency by which, out of many conferences and direct study of the problem, church work may be at once simplified and made more effective.

This phase of the possible work of the Community Training school opens the way, for the first time, for all the churches and educational institutions of the community to unite heartily and impartially in all enterprises which are peculiarly for community welfare and uplift. It opens fully and fairly before the churches the whole field of social service about which so much is said and so much less that is practical, done. It gives the church of the Lord of humanity a new opportunity to work for the help of the whole humanity of the community.

But it is first of all a school for the Community Training school provides certificates, seals and diplomas as furnished by the various denominational Sunday school boards and the International Sunday School Association. This relation brings the school in touch with the national and international movements, and puts upon the management of the school certain definite obligations.

### RUSSIAN AIRMAN

#### DIED MOST HEROICALLY

London, Sept. 9.—Capt. Nesteroff, one of the most daring Russian aviators and the first of his countrymen to loop the loop, has sacrificed his life in a successful attempt to destroy an Austrian aeroplane, says a Petrograd dispatch to the Reuter Telegram company.

According to a report from the front, Capt. Nesteroff was returning from an aerial reconnaissance when he saw an Austrian aeroplane hovering over the Russian forces, presumably with the intention of dropping bombs.

#### Knew He Faced Death.

The Russian aviator immediately changed the direction of his machine and headed at full speed straight for that of the Austrian. Although he must have known well that victory by such tactics could be gained only at the cost of his life, he dashed into the Austrian aeroplane. The force of the impact caused both machines to collapse and they plunged to the earth, the two aviators meeting instant death.

Personal attention to the selection of the people and the details of the production were under his careful supervision.

## WOULD PUT TAX ON BEER AND CIGARET

CONGRESSMEN THINK THESE AD-  
DITIONS WOULD MAKE UP DE-  
FICIENCY IN CASH.

Washington, Sept. 10.—President Wilson's disapproval today of the proposal to increase the income tax as a means of raising revenue to offset a treasury deficit due to the European war set the Democratic members of the ways and means committee to revising their plans. They will renew tomorrow the effort to draft a war revenue bill. The president made his attitude known at a conference with the Democratic members in congress.

The Democratic members of the ways and means committee were not all disappointed by the president's disapproval of their decision to increase the income tax one-half of 1 per cent and to decrease the exemption. The president's principal objection was said to be that such a tax was not immediately available and therefore undesirable.

#### Underwood Agrees With Wilson.

Chairman Underwood, who discussed the subject with the president was inclined to agree with his view, and it is improbable that an income tax amendment will be proposed.

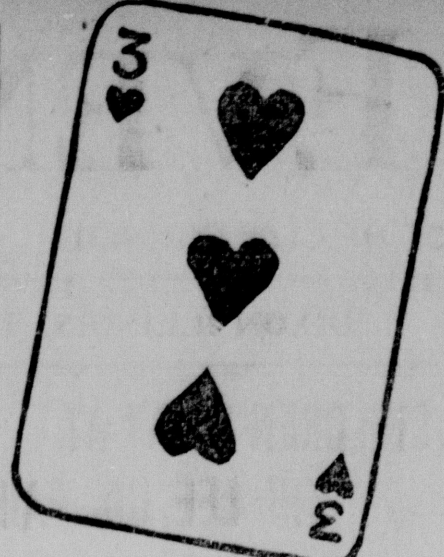

Cigarettes probably will be added to the list of taxable commodities already agreed to, such as beer, wines, and rectified spirits. A plan is under consideration to make a tax on beer of \$1 a barrel, which would yield \$65,000,000.

That amount together with \$10,000,000 from wines, \$2,000,000 from rectified spirits, probably \$5,000,000 from cigarettes, probable taxes on railroad freight, gasoline, automobiles, some proprietary articles, soft drinks, it is estimated would yield all the revenue necessary, particularly if it is determined not to appropriate all of the fund proposed for the river and harbors work.

#### Proposes Golf Ball Tax.

Representative Oglesby of New York, in a letter to the committee, suggested a tax of 50 cents a horsepower on automobiles not engaged in commerce, and a tax on golf balls. He estimates that \$25,000,000 could be realized from the automobile tax. Official estimates, however, are for \$15,000,000 on motor cars.

The proposal to put a general tax on railroad freight is the main question before the committee. The real issue is said to be whether to make

## The Trey O'Hearts

By LOUIS JOSEPH VANCE  
Author of "The Fortune Hunter," "The Black Bag," "The Lone Wolf," Etc.

The most remarkable moving picture play and story ever written. By far the best work of this master literary workman. A real masterpiece of thrills from start to finish.

It will be printed serially in this paper and you will read it with extreme interest.

up the necessary balance of revenue by diffusing the tax among many lines of business. A levy on freight it is estimated could easily produce \$40,000,000 revenue, but there is considerable opposition in both houses. The question will be decided tomorrow.

## See These New CORSET STYLES

In conjunction with "The Fourth Semi-Annual Gossard Proclamation of Authoritative Corset Styles," we are placing on exhibition a full line of models of the beautiful new corsets which will set the styles for well dressed women this season.

Our illustration shows the general lines that the style makers have decided on, but nothing less than a personal inspection will give you a satisfactory idea of their beauty and comfort.

If you are contemplating the purchase of a new frock or suit, you should by all means purchase your corset first. The corset is the foundation of your entire appearance, and no frock, no matter how expensive, will be smart unless your corset has the correct new lines.

## For Every Figure

In our complete assortment of the new styles in Gossard Front Lacing Corsets, we have a model for every known type of figure. The prices run from \$2 to \$25, depending upon the material used. The lower priced Gossards are correct in style, and will give splendid wearing service. Our experienced corsetiers will be glad to give you their expert advice and a personal fitting at any time.

Gossard Corsets set the correct styles for the entire civilized world. These styles for the next six months are just out. See them at your earliest convenience if you would be correctly attired.

### Home From the East.

Mr. and Mrs. C. H. Noble returned last evening from a two weeks' visit in Detroit, Toledo and Canada. The outing was one of great pleasure. Much entertaining was done for the visitors. Mr. and Mrs. Noble went east to attend the National Grand Army encampment, held in Detroit. There were seven members of the 13th regiment of Illinois, of which Mr. Noble is a member, in attendance.

### WIT AND NEAR WIT.

"Men are getting more sensible," said the moralist. "I see very few of them congregating on the street corners on rainy days to stare at the ladies."

"That's all right," agreed his observing friend. "With the present styles they don't have to wait for rainy days."—Puck.

"Before they were married she loved to dwell on his views!" "And now?"

"Now, she only cares to sit on them!"—Puck.

"I know," remarked the gay coquette,

"I haven't caught a husband yet. 'But then,' she added, softly sighing, 'I've had some fun in trying.'"

Wife—Why are you strapping up my trunk? I'm not going away till tomorrow.

Hub—So you'll have time to gather up all the things you've forgotten. You never find those things, you know, until after your trunk is locked and strapped.—Transcript.

"Boy, take these flowers to Miss Bertie Bohoo, room twelve."

"My, sir, you are the fourth gentleman who's sent her flowers today."

"What's that? Who sent the others?"

"Oh, they didn't send names. They all said, 'She'll know where they come from.'"

"Well, here, take my card and tell her these are from the same one who sent the other three boxes."

### Maybe They Were Lotus Leaves.

Kewanee, Ill., Sept. 9.—Three children, a girl aged eight and two boys aged respectively two and five years, after eating berries from a peculiar weed, probably a bella donna plant, exhibited unusual symptoms, imagining they saw strange things and acting very much as do persons suffering from delirium tremens. Their condition is critical.

### He Utilizes School Ground.

St. Charles, Ill., Sept. 9.—John Keating, gardner at Mount St. Mary's academy, raised 1,500 bushels of tomatoes on four acres of the academy grounds. The school owns twenty-three acres of land along the river.

### Quits Ministry to Get Office.

Dixon, Ill., Sept. 9.—Rev. A. B. Whitcombe has resigned as rector of St. Luke's Episcopal church of this city. Mr. Whitcombe is a candidate for the Democratic nomination for circuit clerk of Lee county.

# GERMAN CENTER BEATEN

(Continued from Page 1)

## ENGLISH ARMY IS LARGEST IN ITS HISTORY.

London, Sept. 10.—Premier Asquith today asked parliament to add another half million men of all ranks to the regular army. This brings the total of all ranks to 1,400,000, a figure unprecedented for Great Britain.

## PATHFINDER WAS SUNK BY A TORPEDO.

London, Sept. 10.—The cruiser Pathfinder, which was destroyed in the North sea Sept. 6, supposedly by a mine, was in reality, sunk by a torpedo.

## GERMAN SAILOR RESERVES MOBILIZED.

London, Sept. 10.—A Ghent dispatch says: "Thirty-five thousand German sailors have arrived in Brussels the past few days, indicating that the German reserve has been completely mobilized."

## TALK OF PEACE IS STILL IN THE AIR.

Washington, D. C., Sept. 10.—President Wilson will reply to Emperor William's message of protest which contained nothing that could be construed as a desire for peace negotiations. The President said that all talk about peace is "still in the air."

The forthcoming papal encyclical, the issue of which has been purposely delayed until the result of the decisive battle will contain an appeal for peace. Pope Benedict has approached Austria and Germany through their envoys here and both informed the Pontiff that they are favorably disposed to second his efforts for peace.

A military order has been issued at Nancy that no window show a light after nightfall and all luminous signs must be extinguished.

Luxemburg, eleven miles from the Lorraine border, was evacuated by the Germans after sanguinary fighting, which resulted in the repulse of the Teutons after their attempt to storm the French lines. The German right wing was driven back twenty-five miles, according to an official statement of the French war office at Bordeaux, which puts the Germans sixty-five to seventy miles from Paris at their closest point.

A dispatch to the press bureau says the White Star liner Oceanic now a converted cruiser, is a total wreck on the north coast of Scotland. All the officers and crew are reported saved.

London, Sept. 10.—Announcements of the successes for both the Germans and the allies came out of the theater of war. The three big developments of the day were these:

1.—The German government in Berlin officially announced the capture of the fortified French city of Maubeuge, which had been bombarded for a fortnight. The Germans claimed to have taken 40,000 prisoners and 400 guns.

2.—The French war office in two

statements issued in Bordeaux and Paris announced that the German center, where there has been furious fighting for more than forty-eight hours, is in retreat. It was further announced that the German attack upon the right wing of the allied army has weakened for the first time.

3.—A Petrograd telegram to the Rome Messagero states that, after four days of incessant fighting, the Russians have won a decisive victory over the Austrians and Germans at Rawa in Galicia.

Paris, Sept. 10.—Emperor William's 2,000,000 invaders in France are in flight before the victorious French and British. The German right wing army (that of the west) is incapable of effective resistance because of exhaustion by forced marches and shortage of ammunition. This force was routed in a great battle on the river Ourcq, in which the French captured two German regimental standards after furious hand to hand fighting.

On the center the Germans are in retreat before the French, who have driven back three combined German armies in four successive days of battle.

On the French right the attacks of the Germans to capture the forts at Nancy have been repulsed. These attacks, directed by the kaiser in person, were abandoned for the time being, at least.

Seventy thousand British East Indian troops with 120 big guns, have arrived in France and are fighting the Germans.

Official announcement of the continuing success of the French arms are made.

Two German merchant ships have been sunk in the Atlantic by the French cruisers Conde and Descartes, aided by the British cruiser Bristol.

A Petrograd dispatch says Russian troops have signally defeated the Austrians at Rawa, thirty-two miles northwest of Lemberg. Russia is now concentrating 3,500,000 troops for the invasion of German Poland, which is to be annexed to Russia.

### Germany Floats Loan.

Pressure for funds to carry on the war has forced Germany to call on the Imperial bank to float a loan of \$250,000,000. The money will be obtained by the sale of 5 per cent treasury bonds and government notes. The price will be 97.50.

The Roumanian frontier guards have notified the Roumanian government that Russian troops have begun the invasion of Hungary by sending large forces of Cossacks and infantry through Borgo pass.

### Czar Bound to Take Trip.

A dispatch from Rome quotes the czar as saying: "I am resolved to go to Berlin itself, even if it causes me to lose my last moujik."

### Paris Shows Allies' Position.

The latest official communique says:

"First—On our left wing all the attempts of the Germans to break our formations or those of our troops on the right bank of the Ourcq were unsuccessful.

"The English army has crossed the Marne.

"The enemy has retreated about forty kilometers.

"Second—At our center and on our right wing there is no notable change."

Take 1,000 Russian Imperial Guard. Washington, Sept. 10.—Seventeen officers and 1,000 men of the Russian Imperial guard were captured by the Breslau Silesian landwehr, according to a wireless message from Berlin to the German embassy. The place was not given.

London, Sept. 10.—A dispatch from Petrograd to the Messagero of Rome declares that the great battle at Rawa, in Galicia, thirty-two miles northwest of Lemberg, is over, and that the Russians have won a complete victory after two days of fierce fighting.

The Austrians are said to be retreating everywhere. Among the prisoners taken by the Russians are a large number of Germans.

The Austrians have evacuated Russian Poland.

The Russians are attacking the strongly fortified position of Grodek, sixteen miles south and west of Lemberg.

The Russian advance continues successfully along the left bank of the Vistula.

### Russ Advance in Prussia.

It is announced that General Rennenkampf, who is in charge of the Russian first army of invasion now in East Prussia, has resumed the offensive. Already the advance guard is reported as having pushed far into East Prussia in the south, while the army which has isolated Koenigsberg is declared to be bombarding it with heavy siege artillery.

A telegram from Bucharest, Roumania, says the Russian victories in Galicia over the Austrians have aroused the Roumanians to almost frantic excitement.

### Whole Regiment Captured.

During the last three days' fighting the army of General von Auffenberg has suffered very heavy losses. One entire regiment of infantry was surrounded by a Cossack column and cut off. It surrendered, with all equipment.

### Defeated in Mountains.

It is confirmed at the headquarters of the general staff that Austrians have been defeated in a series of battles in the passes of the Carpathian mountains. The Russian cavalry has penetrated to the summits of the Carpathians and the army now moving through Bukovina province is reported already to have moved to the entrance of the Borgo pass.

## PROGRESSIVES SEEM SCARCE.

To what will the Bull Moose leaders in Lee county attribute the awful falling off in the Progressive vote? Complete returns cannot give them two hundred and twenty-five. This is considerably short of the twenty-eight hundred Progressives they had in 1912 and have been claiming since. Lack of contests on the Progressive ticket cannot furnish enough excuse, although, of course, it would be a partial reason.

If there had been no contests in the Republican or Democratic primaries there would certainly have been a much bigger vote in either party than the Progressives registered.

It is sure that the leaders worked hard enough to get a vote out on the Progressive ticket Wednesday. They electioneered and pleaded and did everything in their power to reach their full strength, and it is the opinion of most politicians that they just about succeeded—in getting out their total strength.

Many of those who voted the Progressive ticket in this county yesterday did so under duress. But pressure will not count at the November election. Employes of progressive leaders, men who wished to remain friendly to them and who felt backward about calling for a republican ticket since their bolt from the party, may vote as they please in the November election and will have to explain to nobody.

The Progressive party is on its last legs and is now running its last race. Progressive leaders know this; they cannot help but know it, but they dare not admit it, for with most of them Progressivism represents their only political hopes and as politics is their ambition, life will be a dreary waste with their party gone.

## IT LOOKS BAD, TO A FEW.

A gentleman, a very nice gentleman he is, too, even if he did vote the Bull Moose ticket in 1912 and help w-r-r-reck the nation, 'phoned The Telegraph this morning and asked how the election returns looked, and we told him who was nominated and who wasn't, and then, before he left the 'phone, he asked, "How did the Progressives come out?"

Well, we told him, in terms couched as tenderly as possible and in a way that would sort of ease the sad news to him without too great a shock to his nerves, that the Progressives had polled a total vote of less than two hundred and twenty-five (we'll write it out so that it will look big as possible) votes in all the length and breadth of Lee county.

"Well," said he, when we told him about the number of Progressives who had interest enough in their party to get out and vote. "That looks bad, don't it?" All we could say was that it looked bad enough alright, for the Bull Moosers. It really all depends upon where you sit, how bad it looks.

## WAR WILL NOT DELAY PANAMA FAIR.

New York Tribune: It is good to hear from Secretary Bryan that the Panama-Pacific exposition will be held next year as announced. Not that any one should have doubted for a moment the intention to celebrate the world's greatest victory of peace on schedule time, despite the pestilence of war now sweeping half of the world's civilized area. There seems little hope now of gaining official exhibits from England, Germany or France for the fair. But England and Germany had declined to be officially represented some time before the war cloud appeared, at least to unofficial eyes. Russia and Austria and Belgium may also be counted out, we suppose. And Italy has declined to exhibit. But these losses will simply render the exposition predominantly American, and as such more eloquently indicative than ever of the strong new bond which the canal constitutes between the two American continents.

## SPLENDID COUNTY TICKET.

The Republicans of Lee county have made their choice for the county ticket which they expect to elect in November. The choice has been a good one and there is no complaint.

A cleaner primary campaign could not have been fought. There were no bitter personal elements injected into the fray. Every candidate made a hard fight and a good fight and every fight was square-toed and above-board. There were no tactics nor methods used that will not bear inspection. No factional strife will be brought out in the election November third. The primary fight just finished leaves no scars. The unsuccessful candidates are all good republicans and they will work for the party ticket.

## A DESPERATE SITUATION.

As further proof, though none is needed, of Mr. Sherman's observation, "War is Hell," "the more deadly of the species" in this country are now unable to get the choice imported perfume and face powder that they have been in the habit of using. Even though such use were as necessary as the painting of the lily, (how's that?) still we cannot but feel the tortuous spasms of heartfelt sympathy as we contemplate the awful suffering, destitution and hardship that the embargo on foreign face powder must bring to Miss Columbia. Miss Columbia will now have to use common American powder and paint or else leave off the disguise altogether until peace brings relief.

## THE GREAT PROGRESSIVE VOTE.

Both in Hamilton and Willow Creek townships were the Progressives conspicuous by their absence. In each of these townships the Progressives rolled up the grand total vote of zero. The Progressive candidate for sheriff lives in one of the townships, Hamilton. Rather significant, isn't it?

May township furnished one Progressive vote to help swell the total. So did Marion, but in Viola the Progressive strength amounted to two.

The Frost will be on the pumpkin soon enough this year if indications can be counted on.

The Harvest  
BY WALT MASON

The kings and colonels, fatigued by the strain, are writing their journals of losses and gain. "We've conquered a city, we've smashed a redoubt! Oh, sing a glad ditty, with jubilant shout!" The dead men are lying out there on the plain, and women are crying and children complain. The kings and the colonels in blood do not wade; they judge by externals the progress they've made; in tents over yonder they're painting maps red; they don't have to wander through windrows of dead. They're so busy trailing the foe to his lair, they don't hear the wailing, the shrieks of despair. "We've captured a village and seventeen farms! They're given to pillage—God favors our arms!" But dead men are lying out there in the rain; the wounded are dying—your triumph's in vain. In darkness and sorrow the widowed ones wait, still hoping to-morrow may bring to the gate, the step of some darling who went forth alone, when nations were snarling like dogs for a bone. In vain is their sighing, their watching in vain; the loved ones are lying out there with the slain.

# MAUBEUGE FALLS TO TROOPS OF KAISER

Berlin Reports 40,000 Prisoners and 400 Guns Captured.

Berlin, Sept. 10.—The French fortress of Maubeuge has fallen, according to an official announcement made here. It is stated that the Germans took 40,000 prisoners and 400 guns.

Among the prisoners, the war office states, are four generals and many other officers of high rank.

Maubeuge, which is on the Sambre river, has been invested by the Germans for more than two weeks, and most of that time has been heavily bombarded.

German army engineers have succeeded in establishing railway communication as far as Montmedy, according to the Cologne Gazette. French prisoners are employed upon construction work and have been utilized to build bridges and clean out tunnels.

By their bravery, the German officers are suffering heavy losses. Major General von Gotha and Major General Nieland have both been killed, it was announced.

Premier von Weizsacker of Wurttemberg and Finance Minister von Frenning of Bavaria have both lost sons.

Prince Frederick William of Hesse was wounded in the breast in France, but will probably recover.

Military hospitals have been established all over western Germany.

# FIGHT FOR CONGRESS IS HOTLY CONTESTED

J. McCann Davis Leads Republicans in State.

Chicago, Sept. 10.—Returns indicate that of the twelve sitting congressmen in Chicago, seven have been renominated by their respective parties and three have close battles on their hands. Two did not seek renomination. Neither Congressman at Large Lawrence B. Stringer nor Congressman George E. Gorman of the Third district, seek renomination. Both are Democrats.

For congressman at large Jacob W. Mathias, backed by Governor Dunne, is leading for one nomination and Congressman Elza Williams is certain of renomination. J. McCann Davis leads E. M. Chipperfield for the Republican nomination.

Davis was backed by the Deneen organization.

George N. Kreider of Springfield and Harry L. Heer of Rockford, were unopposed for the Progressive nominations, as were Carl Strover of Chicago and Dan L. Thomas of O'Fallon, for the Socialist.

In Chicago congressional districts Madden and Mann, Republicans are renominated.

William W. Wilson, who was congressman for five terms prior to 1912, is defeated by Harry F. Atwood. A. J. Sabath, Democrat, is probably defeated by J. F. Dankowski, a Sullivan man. James McAndrews, notorious in lobby scandals, appears defeated by Edmund J. Stack, Hearst-Harrison candidate.

In the Seventh district Nells Juul, Deneen supporter, is nominated. The Democrats renominated Frank Buchanan.

## Bishop Quayle Heads Conference.

Fond du Lac, Wis., Sept. 10.—Bishop William A. Quayle was elected president of the Wisconsin conference of the Methodist Episcopal Church, which opened its sixty-eighth annual meeting here. Anton Hatlestad, Almond, was chosen statistician, and F. J. Turner of Neenah, treasurer. Memorial services were held for Dr. Milton S. Terry of Evanston, who died since the last conference.

## Smith and Hunt in Arizona.

Phoenix, Ariz., Sept. 10.—Returns from scattered precincts throughout the state indicated that Marcus A. Smith, United States senator, and G. W. P. Hunt, governor, were renominated on the Democratic ticket at the primary election. In neither the Republican nor the Progressive party was there a contest.

## RECEIVES WORD OF BROTHER'S DEATH

Mrs. Catherine Davlin has received word of the death of her brother, Samuel Hollister, at his home, Portland, Ore. He is survived by his wife and four children. Three sisters and three brothers also survive to mourn his loss. Burial takes place at Portland.

## Indian Troops in France.

London, Sept. 10.—That the Indian forces of the British army are taking an active part in the operations in France is indicated by the casualty lists. Among the names of the wounded made public is that of Capt. F. W. Hunt, Nineteenth lancers (Fane's horse Indian army).

## No Food; Troops Revolt.

London, Sept. 10.—News agency dispatches from Bucharest say the Turkish troops in Adrianople have revolted as the result of the failure of the authorities to send food. It is also reported that the Turkish army is suffering from lack of food.

## Paroled Boy Goes Bad.

Martinsville, Ind., Sept. 10.—Frank Parker, nineteen years old, who admitted stealing a watch from the home of Dr. and Mrs. O. A. Sweet, has been sentenced to the Indiana Reformatory for ten to twenty years. He was paroled a few months ago from the Boys' School at Plainfield.

## AUTOMOBILE ACCIDENT.

Clarence Barnes, night ticket agent at the Northwestern passenger station, had a narrow escape from serious injury late Tuesday afternoon when he was the victim of a collision between his motorcycle and Charles Engle's automobile, and as it was the motorcycle was badly damaged by the impact.

The accident occurred at the corner of First street and Hennepin avenue, and Barnes was thrown heavily to the pavement, but fortunately escaped with a damaged machine and a few bruises to his body.

## COOK COUNTY LEADS LARGE

Judge John F. Owen, Harrison-Heard  
Candidate, Wins for County Judge—  
J. McCann Davis Leads B. M. Chip-  
perfield for Congressman at Large  
in Republican Contest—Democratic  
Close.Chicago, Sept. 10.—Roger C. Sulli-  
van is the Democratic nominee for  
United States senator from Illinois,  
according to partial returns from Chi-  
cago, Cook county and down state.In Chicago and Cook county returns  
show Sullivan to have made a remark-  
able race in the primaries; in fact it  
was something of a runaway race as  
far as the other candidates were con-  
cerned.The early returns showed Sullivan  
to have polled about three votes for  
one of his opponent. Sullivan's man-  
agers, after the returns began to show  
the way things were going, claimed  
his nomination in the county by a  
plurality of 75,000 at least.

Sherman Also Wins.

Lawrence Y. Sherman, present Re-  
publican senator from Illinois, un-  
doubtedly has won the nomination on  
the Republican ticket. Former United  
States Senator William E. Mason was  
giving Sherman the closest race, but  
returns from scattered precincts in  
the city and county showed Sherman  
always to be safely in the lead. This  
condition obtained in the returns  
from down state.

Owens Race Close.

Of almost equal interest to the sen-  
atorship in Cook county was the Dem-  
ocratic fight over the county judge-  
ship where Judge John E. Owens is a  
candidate for renomination.The great race made by Sullivan in  
the senatorial fight helped Judge  
Thomas F. Scully, who received the  
endorsement and the support of the  
Sullivan organization in his fight  
against Judge John E. Owens for the  
Democratic nomination for county  
judge.Returns from the districts outside  
of Cook county indicate that Sullivan  
has won the nomination over Law-  
rence B. Stringer, his nearest oppo-  
nent, by a margin of probably 50,000.Lawrence Y. Sherman has carried  
Cook county, his plurality here being  
close to 10,000, while figures from  
down the state indicate that he has  
beaten Mason by 35,000 or more.Returns from 784 out of the 1,705  
precincts in Cook county give Judge  
Owens a plurality of 66 votes over  
Scully. The vote was: Owens, 23,  
292; Scully, 23,226.Indications from the latest returns  
are that the following have been no-  
minated for the offices indicated:  
U. S. Senator—Roger C. Sullivan,  
Democrat; Lawrence Y. Sherman, Re-  
publican; Raymond Robbins, Progress-  
ive.County Judge—John E. Owens,  
Democrat; John E. Northrup, Repub-  
lican; William Prentiss, Progressive.

Small Woman's Vote.

The City News Bureau says: "There  
was a very small woman vote. In  
many precincts only one woman voted.  
The total woman vote in Cook county  
did not exceed 8,000."

**LOOK AT A KERNEL OF COFFEE**

Break it and note how much of it is chaff. It is this chaff that contains the unpleasant astringent principle (tannin), on account of which coffee drinking does not agree with some people.

**Barrington Hall The Steel Coffee**

You will taste the difference in the first cupful. The chaff has been removed from this coffee by a wonderful steel-cutting process. Packaged by machinery in sealed tins—it is the only pure coffee, free from dust and tannin-bearing chaff.
